Building Healthier Futures through Conscious Architectural Design

Author: Magister of Architecture, Emina Helić Čamdžić

Taking care of your health? Chemicals in plastic products cause serious health consequences: respiratory, neurological, endocrine, cognitive and developing. Moreover, microplastic can increase possibilities of diseases. **Read and have a look about the negative effects of plastic to physical and mental health, then find more about recycling:**

The new **NCP (National Climate Plan)** proposal for Bosnia and Herzegovina was finalised in July 2024, following the approval of the NCP in 2021. Important to mention that the draft of the integrated National Energy and Climate Plan for Bosnia and Herzegovina, for which the proposal was adopted in July 2024, enhances the approach to small and medium businesses, placing greater emphasis on policies and measures that support their energy transition. **Read more:** <https://worldarchitecture.org/architecture-news/fpzze/affordable-housing-and-energy-efficient-building-solutions.html>
